INDEPENDENT AUDITOR'S REPORT

To the Mayor and the Board of Council Members
City of Malden, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, blended component unit, each major fund, and the aggregate remaining fund information of the City of Malden, Missouri, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City of Malden, Missouri's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the blended component unit, each major fund, and the aggregate remaining fund information of the City of Malden, Missouri, as of June 30, 2020, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the budgetary comparison information on pages 45-46, and the pension schedules on pages 47-51 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Malden, Missouri's basic financial statements. The introductory section, and combining and individual nonmajor fund financial statements, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual nonmajor fund financial statements are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual nonmajor fund financial statements are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated April 19, 2021, on our consideration of the City of Malden, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Malden, Missouri's internal control over financial reporting and compliance.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the Mayor and Board of Aldermen
City of Malden, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, the blended component unit, each major fund, and the aggregate remaining fund information of the City of Malden, Missouri, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City of Malden, Missouri's basic financial statements and have issued our report thereon dated April 19, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Malden, Missouri's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Malden, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Malden, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did identify a deficiency in internal control that we consider to be material weaknesses. We also did identify certain deficiencies in internal control financial reporting, described below, that we consider to be a significant deficiency:

Fixed Asset Purchases and Related Notes Payable:

While performing audit procedures related to notes payable it was determined that three police vehicles had been purchased through a tax-exempt lease purchase agreement but only one of them had been included on the depreciation schedule.

Bank Account Reconciliations:

While performing audit procedures related to cash balances, it was determined that the bank account reconciliations did not reconcile to the general ledger. The City's general fund and operations and maintenance bank accounts show a difference between the bank reconciliation and the general ledger every month and the differences are not the same amount rolling forward each month.

Across Fund Posting:

The trial balances for the water and sewer fund and the electric fund do not balance due to across fund posting of journal entries. We discovered that across fund posting occurs in other funds as well. Across fund posting prevents the financial statements from balancing and being presented accurately.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Malden, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

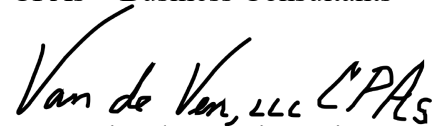

City of Malden, Missouri's Response to Findings

City of Malden, Missouri's response to the findings identified in our audit is described above. City of Malden, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

EXPENDITURES, AND CHANGES IN FUND BALANCES OF
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES

For the Year Ended June 30, 2020

Excess (Deficiency) of Revenues and Other Sources Over (Under) Expenditures and Other Uses (Exhibit D)	\$	52,236
Governmental funds report pension contributions as expenditures. However, in the government-wide Statement of Activities, expenses are increased or decreased by the Change in Net Pension Liability/Asset		(9,715)
Amounts reported for <i>governmental activities</i> on the Statement of Activities are different because:		
Government funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets are allocated over their estimated useful lives and reported as depreciation expense.		
Capital Outlay	\$	135,383
Depreciation Expense		<u>(336,561)</u>
		(201,178)
TOTAL CHANGE IN NET POSITION (Exhibit B)	\$	<u><u>(158,657)</u></u>

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

The accounting methods and procedures adopted by the City of Malden conform to accounting principles generally accepted in the United States of America as applied to governmental entities. The following notes to the financial statements are an integral part of the City's general purpose financial statements.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The City of Malden's financial statements are prepared in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments through its pronouncements (Statements and Interpretations). Governments are also required to follow the pronouncements of the Financial Accounting Standards Board (FASB) issued through November 30, 1989 (when applicable) that do not conflict with or contradict GASB pronouncements. The more significant accounting policies established in GAAP and used by the City are discussed below.

A. Financial Reporting Entity – Basis of Presentation:

The City of Malden operates under an elected Mayor/Council form of government. The City's major operations include public safety (police and fire), transportation, general administrative services, electric, water and sewer, airport, community center, and nutrition center.

Based on the criteria for inclusion as set forth in Governmental Accounting Standards Board (GASB) Statement No. 14, there are component units, Malden Capital Improvement Corporation and the Malden Nutrition Center, Inc., included with the City of Malden. These component units are considered blended component units. These component units were incorporated exclusively for the benefit of the City. Although the City is not legally responsible for the debt of the Corporations, the Corporations' main sources of revenue are from lease payments received from the City. The Malden Capital Improvement Corporation has been included as a capital project fund. The Malden Nutrition Center Inc. has been included in the Malden Senior Citizens Nutrition Center. The financial statements for the component units are the responsibility of the City's management and can be obtained from them.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued:

B. Government-Wide Financial Statements:

The City's basic financial statements include both government-wide (reporting the City as a whole) and fund financial statements (reporting the City's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The City's public safety, municipal court, culture and recreation, transportation, and general administrative services are classified as governmental activities. The City's public works, airport, community center, and senior nutrition center are classified as business-type activities. In the government-wide statement of net position, both the governmental and business-type activities columns are presented on a consolidated basis by column, and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The City's net position is reported in three parts - invested in capital assets, net of related debt, restricted net position, and unrestricted net position. The City first utilizes restricted resources to finance qualifying activities.

The government-wide statement of activities reports both the gross and net costs of each of the City's functions and business-type activities (police, fire, municipal court, etc.). The functions are also supported by general government revenues (property, sales and use taxes, certain intergovernmental revenues, fines, permits and charges, etc.). The statement of activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (police, fire and municipal court, etc.) or a business-type activity. Operating grants include operating-specific and discretionary (either operating or capital) grants. The net costs (by function or business-type activity) are normally covered by general revenue (property, sales or gas taxes, intergovernmental revenues, interest income, etc.).

This government-wide focus is more on the sustainability of the City as an entity and the change in the City's net position resulting from the current year's activities.

C. Fund Financial Statements:

The accounts of the City of Malden are organized on the basis of funds. The City has created several types of funds with at least one discrete fund within each fund type. Each fund is accounted for by providing a separate set of self-balancing accounts that comprises its assets, liabilities, reserves, fund equity, revenues and expenditures/expenses. The individual funds account for the governmental resources allocated to them for the purpose of carrying on specific activities in accordance with laws, regulations or other restrictions.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued:

The financial transactions of the City are reported in individual funds in the fund financial statements. The various funds are reported by generic classification within the financial statements. An emphasis is placed on major funds within the governmental categories. A fund is considered major if it is the primary operating fund of the City or meets the following criteria:

- a. Total assets, liabilities, revenues, or expenditures/expenses of that individual governmental or enterprise fund are at least 10% of the corresponding total for all funds of that category or type, and
- b. Total assets, liabilities, revenues, or expenditures/expenses of the individual governmental fund or enterprise fund are at least 5% of the corresponding total for all governmental and enterprise funds combined.

The following fund types are used by the City:

Governmental Funds

General Fund – The General Fund is the primary operating fund of the City and is always classified as a major fund. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

Capital Project Funds – Capital Project Funds are used to account for the financial resources to be used for the acquisition or construction of major capital facilities. The reporting entity includes the following Capital Project Fund, which is reported as a nonmajor fund:

<u>Fund</u>	<u>Description</u>
CIC Fund	Accounts for financial resources to be used for the acquisition or construction of major capital facilities by the Capital Improvement Corporation.

Special Revenue Funds – These funds are established to account for the proceeds of specific revenue sources other than special assessments, expendable trusts, or major capital projects that are legally restricted to expenditures for specified purposes. The reporting entity includes the following special revenue fund which is reported as a major fund:

<u>Fund</u>	<u>Description</u>
Street Fund	Accounts for revenues received and expenditures paid for the maintenance and upkeep of local streets.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued:

The reporting entity also includes the following Special Revenue Funds which are reported as nonmajor funds:

<u>Fund</u>	<u>Description</u>
Park Fund	Accounts for revenues received and expenditures paid for recreational services provided by the Park and Recreation Board.
Cemetery Fund	Accounts for revenues received and expenditures paid for services provided by the Cemetery Department.
DED Fund	Accounts for revenues and expenditures paid for services provided by the Department of Economic Development.

Proprietary Funds

Enterprise Funds – Enterprise Funds are used to account for business -type activities provided to the general public. These activities are financed primarily by user charges, and the measurement of financial activity focuses on net income measurement similar to the private sector. The reporting entity includes the following Enterprise Funds that are reported as major funds:

<u>Fund</u>	<u>Description</u>
Electric Fund	Accounts for the acquisition, operation, and maintenance of the City's electric utility facilities and services.
Water and Sewer Fund	Accounts for the acquisition, operation, and maintenance of the City's water and sanitary sewer utility facilities and services.
Airport Fund	Accounts for revenues and expenses derived primarily from a variety of rental activities associated with the airport and the industrial park.
Community Center Fund	Accounts for revenues and expenses for service provided for the citizens of the City associated with the Community Center.
Nutrition Center Fund	Accounts for revenues and expenses for meals provided by the nutrition center and thrift items sold to citizens.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued:

D. Fund Balances

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the City is bound to honor constraints on the specific purposes for which amounts in the respective governmental fund can be spent. The classifications used in the governmental fund financial statement are as follows:

Nonspendable – The portion of fund balance that cannot be spent either because it is not in a spendable form or because it is legally or contractually required to remain intact.

Restricted – The portion of fund balance that has been set aside for a specific purpose by external parties.

Committed – The portion of fund balance that has been set aside for a specific purpose by the City’s highest level of decision-making authority.

Assigned – The portion of fund balance that is intended to be used for a specific purpose. The intent to use a portion of the fund balance for a specific purpose may be expressed by either the city council or an official authorized by the city council.

Unassigned – The portion of the general fund balance that is available to be used for any purpose.

The details of the fund balances are included in the Fund Financial Statements – Balance Sheet – Governmental Funds (Exhibit C). Restricted fund balances are used first, as appropriate, followed by assigned resources, as appropriate opportunities arise. Assigned fund balances are reduced to the extent that expenditure authority has been budgeted or the assignment has been changed by the Board of Council Members. Decreases to fund balances first reduce Unassigned Fund balance; in the event that Unassigned Fund Balance becomes zero, then Assigned and Restricted Fund Balances are used in that order.

	General Fund	Street Fund	Other Governmental Funds	Total Governmental Funds
<u>FUND BALANCES:</u>

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued:

E. Basis of Accounting:

The government-wide statements and fund financial statements for proprietary funds are reported using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized when earned, including unbilled sewer services which are accrued. Expenses are recognized at the time the liability is incurred.

All City funds utilize the modified accrual basis of accounting. Under this method, revenues are recognized in the accounting period in which they become both available and measurable. Licenses and permits, charges for services, fines and forfeits, and miscellaneous revenues are recorded as revenues when received in cash. General property taxes, self-assessed taxes, intergovernmental revenues, and investment earnings are recorded when earned (when they are measurable and available). Expenditures are recognized in the accounting period in which the fund liability is incurred, if measurable, except expenditures for debt service, and other long-term obligations which are recognized when paid.

F. Equity Classification:

Equity reported in the Government Wide Statement of Net Position is classified as net position and displayed in three components:

Invested in capital assets, net of related debt – consists of capital assets net of accumulated depreciation and reduced by the outstanding balances of any associated debt.

Restricted net position – consists of net position with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws and regulations of other governments; or (2) law through constitutional provisions or enabling legislation.

Unrestricted net position – consists of all other net position that does not meet the definition of *restricted* or *invested in capital assets, net of related debt*. The City applies restricted net position when a disbursement is incurred for purposes for which both restricted and unrestricted net position is available.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued:

G. Budgetary Data:

Formal budgetary accounting is employed as a management control for all funds of the City. Annual operating budgets are adopted each fiscal year through passage of an annual budget ordinance and amended as required for the governmental and proprietary fund types, and the same basis of accounting is used to reflect actual revenues collected and expenditures/expenses recognized on a generally accepted accounting principles basis. Budgetary control is exercised at the departmental level or by projects. The budget was approved as required by state statute. All unencumbered budget appropriations, except capital budgets, lapse at the end of each fiscal year.

H. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles require management to make estimates and assumptions that affect certain reported amounts and disclosures (such as estimated useful lives to determine depreciation expenses), accordingly, actual results could differ from those estimates.

I. Cash and Cash Equivalents:

The City pools cash resources of its various funds in order to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable. The balance in the pooled cash accounts is available to meet current operating requirements. Cash in excess of current requirements is invested in various interest-bearing certificates of deposit and disclosed as part of the City's cash. The City considers highly liquid debt instruments with a maturity of three months or less to be cash or cash equivalents.

J. Deferred Outflows of Resources:

The consumption of net position or fund balance in one period that is applicable to a future reporting period is recorded as a deferred outflow of resources. The City has deferred outflows of resources as of June 30, 2020, representative of the difference between projected and actual earnings on pension plan investments, the pension plan payments made subsequent to the pension plan measurement date of June 30, 2020. The balance as of June 30, 2020 was \$618,567.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued:

K. Deferred Inflows of Resources:

The acquisitions of assets which are applicable to a future reporting period are referred to as Deferred Inflow of Resources. Certain receipts of the City are applicable to services provided in future accounting periods and only become revenue upon the use of the service of commencement of contract. The deferred inflows realized by the City included the difference between expected and actual experience of the total pension liability. The balance as June 30, 2020 was \$85,186.

L. Receivables:

Management has elected to record bad debts using the direct write-off method. Accounting principles generally accepted in the United States of America require that the allowance method be used to recognize bad debts; however, the effect of using the direct write-off method is not materially different from the results that would have been obtained under the allowance method.

M. Inventories:

Governmental fund inventory items are charged to expenditure accounts when purchased. Year-end inventory was not significant. Proprietary fund inventories are generally used for construction and for operation and maintenance work. They are not for resale. They are valued at cost on a first-in first-out (FIFO) method and charged to operation and maintenance expense when used.

N. Prepaid Items:

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

O. Capital Assets and Depreciation:

Capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets are reported in the governmental activities' column of the government-wide statement of net position. Capital assets used by proprietary funds are reported in both the business-type activities column of the government-wide statement of net position and in the individual proprietary funds.

The accounting and reporting treatment applies to the capital assets associated with a fund are determined by its measurement focus. Capital assets are long-lived assets of the City as a whole. When purchased, such assets are recorded as expenditures in the governmental funds.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued:

Infrastructure such as streets, traffic signals, and signs acquired after July 1, 2004 are capitalized. The valuation basis for capital assets are historical cost, or where historical cost is not available, estimated historical cost based on replacement cost.

Capital assets in the proprietary funds are capitalized in the fund in which they are utilized. The valuation basis for proprietary fund assets are the same as those used for other capital assets. Donated capital assets are capitalized at estimated fair value on the date donated.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows:

Buildings and Leasehold Improvement	10-50 years
Furniture, Equipment, and Vehicles	3-20 years
Infrastructure	15-50 years

P. Revenues and Expenditures/Expenses:

Program Revenues

In the Statement of Activities, revenues that are derived directly from each activity or from parties outside the City's taxpayers are reported as program revenues. The City has the following program revenues in each activity.

General Administration	City licenses and permits, municipal court fines, and bonds forfeited.
Public Safety	Fines and violations, fire calls, and police and fire reports.
Culture and Recreation	Grave opening/closing fees and recreation league fees.

Annual general revenues from fines and court costs due to traffic violations may not exceed 30% of total general operating revenues. Annual general operating revenues for 2020 totaled \$2,069,452, of this revenue \$52,217 was generated by fines and court costs from traffic violations. Fine and court cost revenue generated by traffic violations is within acceptable limits.

All other governmental revenues are reported as general. All taxes are classified as general revenue even if restricted for a specific purpose.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued:

Operating Revenues and Expenses

Operating revenues and expenses for the proprietary fund result from providing services and producing and delivering goods and/or services. They also include all revenues and expenses not related to capital and related financing, noncapital financing, or investing activities.

Q. Internal and Interfund Balances and Activities:

In the process of aggregating the financial information for the Government-Wide Statement of Net Position and Statement of Activities, some amounts reported as interfund activity and balances in the fund financial statements have been eliminated or reclassified.

Fund Financial Statements

Interfund activity, if any, within and among the governmental and proprietary fund categories is reported as follows in the fund financial statements:

1. Interfund loans – Amounts provided with a requirement for repayment are reported as interfund receivables and payables.
2. Interfund reimbursements – Repayments from funds responsible for certain expenditures/expenses to the funds that initially paid for them are not reported as reimbursements but as adjustments to expenditures/expenses in the respective funds.
3. Interfund transfers – Flow of assets from one fund to another where repayment is not expected are reported as transfers in and out.

Government-Wide Financial Statements

Interfund activity and balances, if any, are eliminated or reclassified in the government-wide financial statements as follows:

1. Internal balances – Amounts reported in the fund financial statements as interfund receivables and payables are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are reported as internal balances.
2. Internal activities – Amounts reported as inter-fund transfers in the fund financial statements are eliminated in the government-wide statement of activities except for the net amount of transfers between governmental and business-type activities, which are reported as transfers-internal activities. The effects of interfund services between funds, if any, are not eliminated in the statement of activities.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

2. DEPOSITS AND INVESTMENTS:

The State of Missouri limits investments by cities to the kind and character set forth in the Revised Missouri Statutes. Deposits include all funds held in checking accounts, money market accounts, and cash on hand. Unrestricted investments include certificates of deposit with original maturities of greater than 3 months. Deposits and certificates of deposit are stated at cost which approximates market. Restricted investments include amounts held in trust as required by certain bond covenants.

Missouri statutes require that the depository institution must collateralize all funds on deposit in financial institutions with appropriate securities to the extent not covered by Federal Deposit Insurance Corporation (FDIC). The securities must be of the types specified by Missouri statutes, for the collateralization of state funds and held by either the city or a financial institution other than the depository bank.

Deposits in financial institutions, reported as components of cash and cash equivalents had a book balance of \$6,823,529 and a bank balance of \$6,183,527 at June 30, 2020. The entire bank balance was covered by federal depository insurance or collateralized by securities pledged by the City's agent in the City's name as of June 30, 2020. Of the bank balances, \$254,982 was covered by federal depository insurance, and \$5,928,545 was covered by collateral held in the City's name.

The City has adopted ordinance number 3149 that allows a maximum balance of \$160,000 in deposits and investments for the Perpetual Care Cemetery Fund.

Custodial Credit Risk – Custodial credit risk is the risk that in the event of a depository bank failure, the City will not be able to recover its deposits or recover collateral securities that are in an outside party's possession. The City does not have a deposit policy for custodial credit risk.

Interest Rate Risk – Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment the greater the sensitivity of its fair value to changes in market interest rates. The City is not exposed to interest rate risk because all certificates of deposit are short term and approximate fair value. The City has not formally adopted a deposit and investment policy regarding interest rate risk.

Concentration of Credit Risk – The City's excess cash is invested in certificates of deposit which are short term and approximate fair value. Concentration of credit risk is not a factor and the City has not adopted a policy regarding this risk.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

3. RECEIVABLES:

Property taxes receivable and other receivables are shown at net on Exhibit A. The following table discloses gross receivables, allowance for uncollectible (those uncollected in sixty days) and net receivables at June 30, 2020:

	Gross	Allowance	Net
Property Taxes Receivable			
General Fund	\$ 47,147	\$ -	\$ 47,147
Total Property Taxes Receivable, Net			\$ 47,147

The City records other types of receivables that are expected to be 100 percent collectible based on past experience. Therefore, an allowance for uncollectible accounts is not considered necessary for these other types of receivables.

4. PROPERTY TAXES:

The City is responsible for assessing, collecting and distributing property taxes in accordance with enabling state legislation. Property taxes become a lien on the first day of the levy year and are payable by December 31 of that year. 2020 taxes were levied on August 30, 2020, and were collected primarily in November and December 2020.

5. CAPITAL ASSETS:

Capital assets activity for the fiscal year ended June 30, 2020 was as follows:

	<u>\$ 186,159</u>	<u>\$ 60,053</u>	<u>\$ 246,212</u>

On April 23, 2013, the City entered into a loan agreement for the acquisition of a fire truck. Seven principal and interest payments of \$30,644 are due on April 23 at 3.00 percent interest. This loan was paid in full on April 17, 2020.

The total interest incurred for governmental-type long-term debt for the year ended June 30, 2020 was \$79,946.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

7. INTERFUND TRANSACTIONS:

A. Transfers:

Transfers and payments within the reporting entity are substantially for the purposes of subsidizing operating functions, funding capital projects and asset acquisitions, or maintaining debt service on a routine basis.

The following is a summary of the interfund transfers:

	Transferred Out	Transferred In
General Fund	\$ 60,836	\$ -
Street Fund	-	47,119
Cemetery Fund	-	1,885
Electric Fund	-	440
Water & Sewer Fund	440	-
Community Center Fund	-	11,832
	<u>\$ 61,276</u>	<u>\$ 61,276</u>

8. RISK OF LOSS:

The City is exposed to risks of loss through their property ownership, employee injury, and liability of employees and elected officials' actions. The City purchases commercial insurance policies to overcome the risk of loss due to property ownership. There have been no significant reductions in insurance coverage from the prior years. The other risks are overcome by the City's participation in insurance pools. These pools provide coverage like commercial companies, but can require additional payments if claims exceed premiums. No contingency has been established since these payments cannot be estimated, and none were required in the fiscal year ended June 30, 2020.

9. CONTINGENT LIABILITIES:

The City participates in certain federal and state assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. Any liability for reimbursement which may arise as a result of these audits is not believed to be material.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

10. PENSION PLAN – LAGERS:

General Information about the Pension Plan

Pensions. For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Missouri Local Government Employees Retirement System (LAGERS) and additions to/deductions from LAGERS fiduciary net position have been determined on the same basis as they are reported by LAGERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

General Information about the Pension Plan

Plan description. The City of Malden's defined benefit pension plan provides certain retirement, disability and death benefits to plan members and beneficiaries. The City of Malden participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly.

The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits provided. LAGERS provides retirement, death and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

10. PENSION PLAN – LAGERS - Continued:

	<u>2020 Valuation</u>
Benefit Multiplier:	2.00%
Final Average Salary:	5 Years
Member Contributions:	4%

Benefit terms provide for annual post retirement adjustments to each member’s retirement allowance subsequent to the member’s retirement date. The annual adjustment is based on the increase in the Consumer Price Index and is limited to 4% per year.

Employees covered by benefit terms. At June 30, 2020, the following employees were covered by the benefit terms:

	General	Police	Fire
Inactive employees or beneficiaries currently receiving benefits	44	14	2
Inactive employees entitled to but not yet receiving benefits	6	19	3
Active employees	33	16	4
	83	49	9

Contributions. The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability. Full-time employees of the employer contribute 4% of their gross pay to the pension plan. Employer contribution rates are 13.4% (General), 2.8% (Police) and 1.0% (Fire) of annual covered payroll.

Net Pension Liability. The employer’s net pension liability was measured as of June 30, 2020, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 29, 2020.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

10. PENSION PLAN – LAGERS - Continued:

Actuarial assumptions. The total pension liability in the February 29, 2020 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.25% wage inflation; 2.50% price inflation
Salary Increase	3.25% to 6.55% including inflation
Investment rate of return	7.25%

The healthy retiree mortality tables, for post-retirement mortality, were the RP-2014 Healthy Annuitant mortality table for males and females. The disabled retiree mortality tables, for post-retirement mortality, were the RP-2014 disabled mortality table for males and females. The pre-retirement mortality tables used were the RP-2014 employee’s mortality table for males and females.

Both the post-retirement and pre-retirement tables were adjusted for mortality improvement back to the observation period base year of 2006. The base year for males was then established to be 2017. Mortality rates for a particular calendar year are determined by applying the MP-2015 mortality improvement scale to the above described tables.

The actuarial assumptions used in the February 29, 2020 valuation were based on the results of an actuarial experience study for the period March 1, 2015 through February 29, 2020.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
Alpha Investments	15.00%	3.67%
Equity Investments	35.00%	4.78%
Fixed Income Investments	31.00%	1.41%
Real Asset/Return Investments	36.00%	3.29%
Strategic Investments	8.00%	5.25%
Cash/Leverage	-25.00%	-0.29%

10. PENSION PLAN – LAGERS - Continued:

Discount rate. The discount rate used to measure the total pension liability is 7.25% for General, Police, and Fire. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

10. PENSION PLAN – LAGERS - Continued:

Payable to the Pension Plan

At June 30, 2020, the City of Malden reported a payable of \$0 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2020.

11. CHAPTER 67 RSMO (BUDGET STATUTE):

Chapter 67 RSMo requires that each political subdivision of the state adopt an annual budget itemized by fund. It further prohibits the budgeted expenditures and transfers out of public monies to exceed the estimated revenues, transfers-in, and beginning balances for the funds.

For the year ended June 30, 2020, the City's budgeted expenditures did not exceed estimated revenues, transfers-in and beginning fund balance for an fund

For the year ended June 30, 2019, the City's actual expenditures exceeded budgeted expenditures by \$231,928 for the General Fund and by \$312,894 for the Street Fund.

12. INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS:

Balances at June 30, 2020 of interfund receivables and payables were as follows:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Electric Utility Fund	Water & Sewer Utility Fund	496,717
General Fund	Economic Dev Fund	379
General Fund	Water & Sewer Utility Fund	1,346
Street Fund	Water & Sewer Utility Fund	432
		<u>498,874</u>

Interfund receivables resulted from the time between the receipt of good and the provision of services and the related reimbursement as a part of normal business operations. All balances are expected to be repaid within one year.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

13. RESTRICTED ASSETS:

The Malden Capital Improvement Corporation was indebted for a loan insured through the United States Department of Agriculture. Funds are placed in a Debt Reserve Maintenance Account and shall be used for the purpose of paying the principal and interest on the indebtedness if the monies in the General Account are insufficient to pay the same as such principal and interest become due.

At June 30, 2020, restricted assets in the Debt Reserve Account include \$70,234.

At June 30, 2020, restricted assets include \$454,033 of money held by the City of Malden Airport. The restrictions are due to the provision of grant agreements agreed to when receiving Federal grant money to help pay for the various projects of the City's Airport.

At June 30, 2020, restricted assets include \$39,622 of restricted funds held by the Senior Nutrition Center.

At June 30, 2020, restricted assets include \$145,665 of restricted funds held by the Board of Public Works for purposes of residents' meter deposits payable balance.

At June 30, 2020, restricted assets include \$500,000 of restricted funds held by the Board of Public Works for purposes of paying out incentives for potential new business who want to purchase and develop land owned by the Department of Economic Development (DED). Once a company is interested in purchasing land from the DED, the Board of Public works would use these set aside monies to loan DED funds to improve property for the potential buyer.

At June 30, 2020, restricted assets include \$116,206 of restricted funds held by the General Fund.

At June 30, 2020, restricted assets include \$105,546 of money held by the City of Malden Street Project Fund account that is reserved to service the Street Project the city started in early 2017.

At June 30, 2020, restricted assets include \$1,300,498 of the net pension asset resulting from the City's implementation of GASB 68.

14. SUBSEQUENT EVENTS:

A non-recognized subsequent event occurred in late 2019 related to the COVID-19 outbreak that was declared a public health emergency by the World Health Organization on January 30, 2020. As a result, economic uncertainties have arisen affecting the community as a whole. This produced a significant decline in revenues and expenditures within the city. The duration of these uncertainties and the ultimate financial effects cannot be reasonably estimated at this time.

CITY OF MALDEN
Malden, Missouri

NOTES TO BASIC FINANCIAL STATEMENTS

For the Year Ended June 30, 2020

15. PRIOR PERIOD ADJUSTMENTS:

Certain prior period adjustments had to be made due to incorrect beginning balances for fixed assets and notes payable. Also, lagers information was removed from proprietary funds' statement of net position and combined to be reported on the governmental-wide statement of net position for governmental activities. These adjustments were necessary to conform to current years financial reporting.
